PRESIDENT'S MESSAGE

Greetings!! I would like to extend a warm welcome to the 164th annual Campbellford Fair on August 10th, 11th, 12th. The fair is a way to bring the community together to enjoy the past, present and future. This is my 2nd year as president and I would like to say that it is an honour for me to be involved with an organization whose purpose is agricultural awareness. I would like to thank all of the volunteers for their countless hours they put in each year in planning the fair. So just remember to take the time to thank them because without their support it wouldn't be possible to have a successful fair.

From the Friday night Holstein Show and Horse Speed events, to the Sunday beef cattle show, we offer a great variety of the sights and sounds of farming in this area. As the agricultural industry becomes ever more a shrinking society, it is important to keep the industry visible. Campbellford-Seymour Agricultural Society is one of the main agricultural voices of our community.

Showcasing and preserving our history through our homemaking section with award winning quilts, photography and baking provides an interesting walk through the curling club. In addition, having special classes for youth, junior work and our school projects, brings lots of participation. From growing crops and showing vegetables, flowers, crafts and 4-H club displays.

For fairgoers who are not so much interested in animals and agriculture, there is always the midway, the popular demo derby, lawn mower races and the recent introduction of the truck and tractor pull on Sunday. We will also be featuring a small local band "The Little Red Wagon" following the derby Saturday night.

Our Children’s Activity Centre which is the best in the region, will once again be offering hands on activities including agricultural games, face painting and a talent and baby show.

The fair showcases the diversity of agriculture throughout our wonderful rural community and is a reflection of the community spirit. I would like to thank our wonderful fair board directors that work throughout the year to come up with new and exciting ideas. I would like to extend an invitation to anyone out there who would like to join the Agricultural Society. If you have a keen interest in Agriculture, volunteerism and community, then the Ag Society is for you!

On behalf of the 2018 Board of Directors, I would like to invite you to come out and enjoy one of Canada’s oldest fair. The success of the fair depends not only on the dedication of the Board of Directors and volunteers, it depends on you.

Let the community know there is a Fair happening.

Jennifer Jeffs

President, 2017-2018

Campbellford-Seymour Agricultural Society

The Campbellford-Seymour Agricultural Society gratefully acknowledges the generous support of our sponsors. We would not have a fair without you! Please see our website: www.campbellfordfair.ca for a full list of the 2018 Campbellford Fair Sponsors.

HEMCRAFT PRESIDENT'S MESSAGE

On behalf of the Homecraft division I welcome you to come and enjoy the fair and experience this year's theme "Sew It, Grow It, Show It". The homecraft ladies work hard all year long and especially at fair time to showcase your exhibits. Colourful junior work, creative hobbies, intricate needlework and mouth watering baked goods are just a few of the exhibits you will see while touring the curling club. Be sure to visit the food booth and sit and enjoy our famous fair chili, a cold sandwich, and beef on a bun or the tried and true homemade pies made by our own fair ladies. Start your day off right and come for breakfast!

The fair board tries hard to bring rural and urban together through interesting and education displays, livestock classes and the ever-popular Old MacDonald's Farm and the Children's Activity Center. I am honoured to be Homecraft President and wish to thank the many individuals and businesses that graciously donate their time or financial support to keep our agricultural fair growing year after year.

I look forward to seeing you at the fair!

Agricultural Society

An event like Campbellford Fair doesn't just happen overnight. Volunteers of all ages work diligently all year to organize entertainment, attractions and, new programming and exhibits. Prior to the fair, work bees are held to prepare the grounds and buildings to make your fair experience a great one. If you need to complete your school volunteer hours, try something different or even meet new people, please give the fair office a call or contact any fair board member. There are many varied committees that would love your input or expertise.

AMBASSADOR'S MESSAGE

I am honoured to be crowned the first fair ambassador in nearly 20 years. It is a dream come true to be able to represent our fair at the provincial level and spread the word of our agricultural fair. I have attended the fair every year since I was young. It began with pre- 4-H and junior work and then advanced to the open 4-H show and the adult classes. Becoming the fair ambassador seemed like a natural next step for me as I take so much pride and joy in our fair and I wanted to be able to share it with others. As the ambassador I promoted various events during our fair, I then participated in the Santa Clause Parade and travelled to the OAAS Convention in Toronto. At the convention I met with fellow ambassadors, learned how to network for our fair as well as learned about different roles ambassadors can play in their fair. In August I will have the privilege of attending the CNE to represent our fair and potentially being the “Ambassador of the Fairs”. I have gained valuable skills such a public speaking and built community connections through the program that I can use in all aspects of my life.

To all the future ambassadors both young men and women, do not be afraid to apply to become an ambassador, be proud of who you are! It takes a lot of confidence to put yourself forward for an experience like this, but it is so very worth it. You will grow as an individual and develop skills you didn't know you had because of this wonderful program.

I am extremely appreciative to have had this opportunity. I have had a great time representing the Campbellford-Seymour Agricultural Society. I would like to thank Katie Petherick and Heather Owens for bringing back the ambassador program to our fair as it will help develop the leaders of tomorrow. I would also like to thank everyone who has helped and supported me through my term this past year. Last but certainly not least, I would like to thank all of those who volunteered, participated and attended the local Campbellford Fair. Without the support of the community, our local fair would not be such a success. It is events like the fair that gives our town the opportunity to see the hard work and sacrifice that those in agriculture do to provide nourishment for all.

Good luck to all the future participants and I hope you enjoy the 2018 fair.

Diane Jeffs

SECTION 4: VINTAGE TRACTOR PULL

DIRECTOR IN CHARGE: Colin Petherick (705- 653- 0213)

HERITAGE TRACTOR CLUB ANTIQUE TRACTOR PULLING RULES **2018**

The following pulling rules have been developed in the interest of preserving and displaying antique tractors. It is anticipated that all persons participating in pulling events will accept these rules for this purpose and in the spirit in which they were intended. General rules may change at the discretion of the sled operator as deemed necessary.

1. Tractor must be of a model/series that was manufactured in 1959 or prior. (It is recognized that certain 1960 tractors had been allowed to pull previously and they will have grandfathered status).
2. History of tractor is to be provided by the announcer.
3. Tractor is to pull in one class only, with the winner's option of pulling in a weight class heavier.
4. First puller of a class (except in a pull-off) has the option to re-pull. The decision to do so must be made prior to unhooking from the sled and the puller will re-pull in 2nd or 3rd position.
5. No front wheel lifting.
6. During hook-up, tractor must be in neutral and driver's hands and feet must be off the controls.
7. Hooker must stand behind the stop plate to hook the tractor.
8. Track width is 16 feet.
9. Puller must be available prior to the pull.
10. Absolutely no jerking of the sled at start of the pull.
11. Puller has 25 feet to restart.

12. Torque amplifiers may not be shifted while pulling is in progress.
13. Tractors may not exceed a designated maximum speed limit. (Currently 4.5 MPH but this may be changed if the conditions justify it).The first time the horn blows is a warning and the second time is the end of the pull, distance determined at this point.
14. No association with drugs or alcohol will be permitted or tolerated.
15. No passengers allowed on the tractor.
16. Driver must remain seated at all times during the pull.
17. Driver must be at least 16 years of age. If under 18 years of age, written authorization of a parent or legal guardian is required.
18. Tractor must be stock (not modified in any way). This includes having the proper and complete front-end assemblies and fenders (if originally was equipped with fenders).
19. Tires may be "loaded" and wheel weights are allowed but not suitcase weights.
20. No string attached to the governor or carburetor.
21. Maximum tire size allowed is 38" diameter. Only rubber tires are allowed. The use of radial tires as well as any cut tires is discouraged, as they are not consistent with antique tractors.

Helmets are mandatory.

**SECTION 5:
NON SANCTIONED TRUCK & TRACTOR PULL**

ENTRY FORM IN BACK OF CATALOGUE

Presented by: Executioner Sled Team & Campbellford-Seymour Agricultural Society. Contact Jennifer Jeffs 705-653-2249

***** EVERYONE PAYS ADMISSION AT GATE. *****

Hook up fee is \$10 per class.

OPERATION OF CONTEST

1. Number one puller will be the test puller and may take pull if weight of machine is ok, or he may pull in third position. If weight of machine needs further adjustment, first puller after each adjustment will be treated as number one puller.
2. All decisions on re-pulls must be made before tractor in question is unhooked from sled. On any re-pull caused by a contest malfunction, puller at this point (by choice) may drop back three positions. Any disqualifications on first attempt, bars a second attempt.
3. If presiding judge is notified of a tractor with mechanical problems, he may drop contestant three positions. This may be done only once per contestant per class.
4. All pulls must start with a tight hitch. Each contestant will be allowed two attempts to make a measurable pull. An attempt is defined as moving the sled a measurable distance (one inch or further). If the driver lets off on the throttle before going 100 feet on the first attempt, a second attempt will be granted, even if the vehicle rolls beyond the 100ft mark. If no attempt is made to back off the throttle a 2nd attempt will not be granted.
5. There will be no test pulls in pull-offs.
6. A pulling vehicle may compete in 2 classes ONLY. Only the #1 puller in the previous weight class may move up.
7. All contestants pull at own risk.

8. Contest to be governed by judges with all decisions final. Judges have the right to stop and disqualify any vehicle if it is being operated in a manner considered unsafe.
9. Officials have the right to inspect vehicles and serial numbers at random and upon request.
10. All contestants must wear a helmet or WILL NOT PULL IN ANY CLASS.
11. Invitational Tri Axel dump trucks MUST have a working pintle hitch and the dump box must be empty or they will be disqualified and unable to pull.
